

Saving Lives Across Borders

Air Medical Escort & Global Healthcare Solutions

GLOBAL HEALTHCARE PARTNERSHIP EDITION

Leadership Driven by Compassion & Expertise

From his roots in advanced cardiac care, Dilloo Mohammad Tasleem (RN, BSN, CMPT) has pioneered a global medical assistance network, bridging critical patient needs with world-class treatment. His vision transforms air medical transport into a seamless, life-saving journey.

From Critical Care to Global Care

- Clinical expertise in emergency medicine & cardiology.
- Establishing seamless international patient transfers.
- Building a worldwide network of air ambulances & medical professionals.

Courage in Crisis

In the face of global challenges like the COVID-19 pandemic, Dilloo Mohammad Tasleem (RN, BSN, CMPT)'s unwavering commitment ensured patient transfers continued without interruption. He escorted critical patients across borders, extraordinary dedication to saving lives.

**SUPPORTING THOUSANDS
OF CRITICAL TRANSFERS
ACROSS CONTINENTS,
ENSURING NO PATIENT
IS LEFT BEHIND.**

**5000+ LIFE-SAVING TRANSFERS
DELIVERED WORLDWIDE.**

"I didn't just want to help patients travel for treatment. I wanted to create an ecosystem of care that supports them at every step of their journey."

DILLOO MOHAMMAD TASLEEM
(RN, BSN, CMPT) | Founder & CEO

GLOBAL JOURNEY OF COMPASSION: OMCA'S MILESTONE EXPANSION

SPECIALIZED SERVICES

AIR MEDICAL ESCORT EXCELLENCE

THE EXPERTISE

Mr. Tasleem's training in critical air medical escorting has positioned OMCA as a leader in emergency patient transport. Our specialized teams are equipped to handle complex medical cases during transit, ensuring patient safety from departure to arrival.

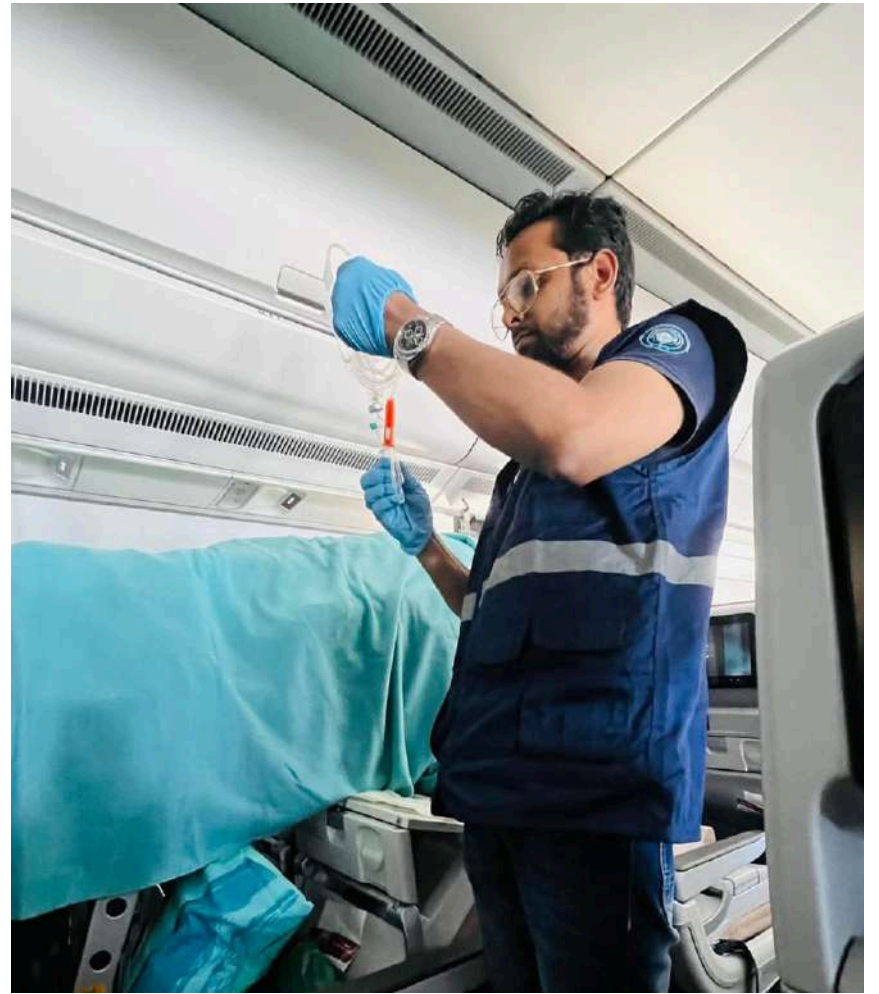

Each escort mission is meticulously planned, with medical teams briefed on patient conditions, emergency protocols, and destination hospital requirements.

SERVICES OFFERED

- ✓ Private jet air ambulance with ICU capabilities
- ✓ Commercial airline stretcher transfers
- ✓ Medical escort for stable patients
- ✓ Neonatal and pediatric transport
- ✓ Organ transplant coordination
- ✓ Ground ambulance connectivity

BRINGING WORLD-CLASS CARE WITHIN REACH. ANYWHERE. ANYTIME.

*Our **Air medical escort service** combines clinical excellence with logistical precision. From flight clearances to ground transport, we manage every detail so families can focus on what matters most: their loved one's recovery.*

OMCA FOUNDATION

THE MISSION

Established in 2022, the OMCA Foundation was created to democratize healthcare for those without financial means. We believe that quality medical care is a fundamental right, not a privilege.

Through the Foundation, OMCA provides full funding for overseas medical treatment, including flights, accommodation, treatment costs, and meals for patients and their families.

COMMUNITY WORK

Our OPD camps across Africa and the Middle East bring essential healthcare services to underserved communities, providing:

- Free health screenings
- Medical consultations
- Medication distribution
- Health education programs

OUR GLOBAL TEAM

“

OMCA FOUNDATION HOSPITAL IS A MUST TO SAVE MORE LIVES
Every life matters.

”

OMCA's commitment to building sustainable healthcare infrastructure in Africa and the Middle East continues to drive our expansion plans. The future holds exciting developments that will bring world-class healthcare even closer to those who need it.

INDIA EXPANSION

Pan-India Guest House Network

Expanding our guest house network to cover all major medical hubs in India, ensuring comfortable accommodation for patients and families in Delhi, Mumbai, Chennai, Bangalore, and Hyderabad.

NIGERIA OPERATIONS

Abuja Diagnostic Centre

Launching a state-of-the-art diagnostic center in Abuja, bringing advanced medical imaging and testing capabilities to West Africa.

B2B COLLABORATIONS

OMCA partners with leading International Travel Insurance providers to streamline patient billing and ensure seamless claim processing. Our integrated systems allow for direct billing, reducing financial stress on patients and families.

KNOWLEDGE TRANSFER

Through our global network, we channel medical expertise back into African healthcare systems. Our partnerships facilitate:

- Medical training programs
- Equipment donations
- Telemedicine knowledge sharing
- Best practice exchanges
